

B. Sample Voter Registration Card

Ask each student to prepare/print a ‘Voter Registration Card’ using a small piece of paper. To register to vote, each child should fill out a mock voter registration card on which they write their name, classroom, grade, and any other information you would like them to add. This process lets the students know that adults have to register officially long before they can vote on Election Day.

A sample is given below:

| Voter Registration Card | |
|-------------------------|--|
| | |
| Name | |
| | |
| Age | |
| | |
| Grade | |
| | |
| Section | |
