

Annexure 1: Sample draft bill

Sample Draft Bill:

- **Topic- Waste Management system for school.**

- **Rules to be included in the bill-**

1. Waste segregation at the source. (Classrooms, canteen, playground, etc.)
2. Dustbins are to be put up on each floor - 2 in each classroom.
3. The orientation program should be part of the curriculum.
4. Fines and punishment for using polythene bags.

- **Reason for introducing the bill-**

India is generating tonnes of waste every year. It goes into landfills and water bodies, which harms the environment. To keep our environment safe and clean, we all should contribute. Waste segregation and management can be the first step toward this duty.

- **Punishment and fines-**

Each class will be fined Rs. 500 per month if waste segregation practice is not found to be followed during the inspection.

Polythene bag use is banned in school and every individual will be fined Rs. 50 if found using polythene bags within the school campus.
