

Annexure 2 – Local Issues

1. **Poor Conditions of Roads** – There are potholes, water logging, uneven roads, etc. making it difficult to travel from one place to another.
2. **Garbage dump near local bus stand** - The garbage dumps give out bad smell and create unhygienic conditions and problems for people passing through there.
3. **Unavailability of clean drinking water** - Many people fell sick and were admitted to a hospital after drinking unclean(polluted) water.
4. **Increase in Stray animals & their litter on the road** – Many stray animals come on the road and litter their droppings leading to accidents of people driving vehicles. (2-wheeler driver slipped because of cow dung.)
5. **Gutter lid is missing** – The main gutter in center of village has a missing lid, children or elders may fall into it, leading to bad smell, mosquitos causing health problems for people.

Note: Teacher is also free to add any other local problems they see around them. This can be translated for children in the language they best understand.
